INTRODUCTION TO BLUE SKIES CONSULTING, LLC

Blue Skies Consulting, LLC (BSC), specializes in aerial photography and remote sensing for mapping and surveying. Its expertise includes primary data acquisition, remote sensing applications and data reduction, system integration, and project management. BSC performs these services for other small businesses (surveying, mapping, and engineering firms) and for Federal and State agencies, such as the U.S. Department of Agriculture, and New Mexico Department of Transportation. Founded as a New Mexico resident business in 1999, BSC is a woman-owned small business and is registered as a Disadvantaged Business Enterprise with the New Mexico Department of Transportation's (NMDOT's) Disadvantaged Business Enterprise Program and the New Mexico Unified Certification Program. Our hangar and office facility is located at 100 Blue Skies Drive on the Belen Alexander Airport in Belen, NM.

BSC achieved ISO 9001:2000 certification for its aerial mapping services in September 2005 and continues to maintain this certification to the upgraded standard, ISO 9001:2008. Its awards include the U.S. Department of Agriculture's (USDA's) Woman-Owned Small Business Contractor of the Year for 2003 and USDA Farm Service Agency's Woman-Owned Business Contractor of the Year for 2010.
